## Servisna enota VARNOSTNA »multifix«, Velikost 3, G 1/2

Kategorija: [SAFETY service unit set](#)  
Šifra: **100603RIE**

### Kratek opis

Service station SAFETY »multifix«, Ball valve - start-up valve - 2-part service unit, Size 3, G 1/2, Input pressure 2 - 16 bar. These compressed air service unit sets, comprising a ball valve with silencer, a start-up valve and one out of a pressure regulator, filter regulator or service unit, meet even the strictest requirements for operating reliability and accident prevention!

### Tehnične Specifikacije

|                                                  |                                                                                               |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------|
| Element filtra                                   | Cellpor (PE)                                                                                  |
| Membrane                                         | NBR                                                                                           |
|                                                  | At $P_1 = 8 \text{ bar}$ , $P_2 = 6 \text{ bar}$ and pressure drop $\Delta p = 1 \text{ bar}$ |
| Merjenje pretoka                                 | G 1/2                                                                                         |
| Navoj                                            | Semi-automatic                                                                                |
| Odtok kondenzata                                 | Silencer (ball valve)                                                                         |
| Odzračevalni vtič                                | Die-cast zinc                                                                                 |
| Ohišje                                           | multifix                                                                                      |
