## Vpenjalne objemke s čeljustmi, pocinkano(W1), 9 - 11 mm

Kategorija: [Clamping jaws](#)  
Šifra: **114186RIE**

(slika je simbolična)

### Kratek opis

Clamping jaw clamp, Lightweight design acc. to DIN 3017, Steel bright galvanised (W1), Clamping range 9 - 11 mm, Belt width 9 mm  
Lightweight type acc. to DIN 3017.  
Applications: Soft air and fuel hose types, optimal seal, high clamping force around the hose, suitable for car dealerships, repair shops and pneumatic applications.

### Tehnične Specifikacije

|                           |                       |
|---------------------------|-----------------------|
| Material                  | Galvanised steel (W1) |
| Min. obseg vpenjanja [mm] | 9.0                   |
| Širina zavoja [mm]        | 9.0                   |
| Nominalni Ø [mm]          | 10.0                  |
| Max. obseg vpenjanja [mm] | 11.0                  |
